

PREPARING FOR DEFEAT.—A Philadelphia letter to the New York World, dated September 7, says:

The desperation of the Grant party in this city is, since the Louisville fizzle, doubly intensified. Simon Cameron swears eternal vengeance against those who, so far as this State is concerned, managed the miserable abortion. As the Pennsylvania role in the "Straight-out" Convention was played by Bob Mackey, our State Treasurer, who paid for transportation, &c., and as the election of delegates was confided to Russell Ewert, Chairman Grant State Committee, these two eminent statesmen come in for a great amount of Cameronian anathemas. Many of our merchants and other business men believe that the money paid out so extravagantly by State Treasurer Mackey, for the purpose of furnishing delegates for Louisville, came from the State Treasury, and that the people at large will be compelled indirectly to pay for the Grant-Cameron Louisville experiment. All agree, Grant men and Democrats, that the failure of the movement will result disastrously for Hartman. It is apparent to the most careless observer of political movements, that since the adjournment of the Louisville fraud, the Democracy of this city and State have been far more energetic and determined in their political action than at any other stage of the campaign. Democratic organization is everywhere being perfected, and within the next fortnight vigilance committees will be actively at work in each election division in this city, for the purpose of checking the contemplated fraud of the Hartman crowd at the October election.

The trouble that Hartman anticipates is from the rural districts; there the honest yeomanry have been taught to look upon official venality as a crime not to be condoned. As an evidence of the intensity of this feeling, the last issue of the *Volkfreund*, the leading weekly Republican German paper in the State, hauled down the names of Hartman and Allen, and in doing so, stated editorially that in obedience to the imperative demands of its readers, who were honest men, they could no longer advocate the election of candidates so notoriously corrupt. The *Volkfreund* has an immense circulation in the city and County of Lancaster, where it is published. The fact is, every intimation of coming events points conclusively to Buckalew coming down to Philadelphia with a popular majority of 30,000, which will be increased if an honest count of the votes of this city is given him.

Great preparations are now being made to make the coming Pittsburgh Soldiers' Convention a success. 100 letter-carriers from the post office in this city will cast aside the gray uniform and for the occasion don the blue. The custom house will detail about fifty of its employees to go to Pittsburgh as "veterans," and thus by sending there a great crowd of Government employees, nine-tenths of whom never smelt powder, the greatest convention of soldiers ever yet held is to be made to order.

To secure the re-election of Simon Cameron, it becomes necessary to defeat Col. Deebert, candidate for Senator in the First District, which is a very close one. To do this 800 Democrats have been recently put to work in the navy yard, upon condition that they will vote the whole Democratic ticket excepting only the candidate for State Senator. For this office they are to vote for the Cameron candidate. In addition to this Republican votes are to be traded off for Democratic votes in the proportion of two to one—that is, two Republican votes will be given for Buckalew for each vote given to the Cameron candidate for State Senator. I mention this as showing the hopelessness of their cause and of showing how unscrupulous the Cameron managers are, and how openly and mercifully they intend to sacrifice Hartman to save the Winnebago chief.

Texas claims that the oysters on her coast are the finest in the world, and predicts that the oyster trade will soon become one of the most important industries in the State.

THE GRAND GIFT CONCERT

A FIXED FACT, SEPTEMBER 28 THE DAY. YOUR TICKETS NOW OR NEVER.

THE vast sales of tickets already made, and the increasing demand for them from all quarters, having determined the Trustees that the Grand Gift Concert for the benefit of the Public Library of Kentucky, advertised for SATURDAY, September 28, 1872, shall positively come off on that day without postponement, the management now notifies all who expect to participate in the drawing that they should buy their tickets at once. Delay for a few days caused many who wanted tickets at the concert in December last to go without them. Some living in Louisville waited until sales were closed, expecting no doubt, a postponement, and then offered \$15, \$20, and even \$25 for tickets which the day before were offered to purchasers at the regular prices. Others living at a distance sent thousands of dollars by mail and express, which got here after sales were closed, and had to be sent back. These disappointments need not occur again, if the warning now given in due season is heeded.

The drawing will begin precisely at 6 o'clock Saturday morning, September 28, 1872, in the great hall of the Public Library building, and continue until the 1,000 gifts are all drawn.

To the Ladies.

ONE of the worst forms of discoloration of the skin, and of pimply and eruptive faces, is caused by the use of CALOMEL and BLUE MASS. Mercurial medicines are supposed to have a special action on the liver; the theory is erroneous. If calomel is given in repeated doses it produces salivation, and in this condition the liver is badly damaged. The liver is more torpid; the skin must do some of the liver's work, in excreting bile elements, and will be liable to pimples, blotches, eruptions, dark spots, discolorations, tubercles, sore mouth, sore throat, catarrhs, etc. The only serviceable liver medicine is HEINRICH'S LIVER PILLS. No calomel. They regulate the liver and purify the blood. Aug 22 4
